Experience

Senior Analyst

Aug 2019 - Present

Deloitte.

Hyderabad, Telangana

Working as a senior web developer. My responsibilities include designing application prototypes in Adobe XD or Figma, devising application architecture and finalizing application specific tools/frameworks, custom solution development and process automation. I innovate solutions and craft experiences that people really love.

Tools which I'm primarily using during this role: Adobe XD, Figma, Visual Studio Code, Draw.io, Azure DevOps, Git, GitHub and SharePoint Designer.

Analyst

Mar 2018 - Jul 2019

Deloitte.

Hyderabad, Telangana

After joining Deloitte, I got transitioned into a new role where I was responsible for designing and developing front end of the web applications. In a very short span I got acquainted with designing tools like Adobe XD, Figma, Dreamweaver and helped the team to craft some of the best applications with a new era user experience.

Systems Engineer

Aug 2016 - Feb 2018

Infosys

Bengaluru, Karnataka

Worked as a SharePoint Developer and my responsibilities in this role included custom SharePoint application development. Built applications using .Net framework, C#, MS SQL, InfoPath, Silverlight. I also did process automation using Nintex.

Tools which I primarily used during this role: Visual Studio, MS SQL Management Studio, SharePoint Designer, Metalogix, ShareGate, TFS, VSTS and Azure VMs.

Systems Engineer Trainee

Jan 2016 - Jul 2016

Infosys

Mysore, Karnataka

During this role I learnt how to develop complex and scalable web applications using .Net framework, ASP.NET MVC, C# and MS SQL. Tools which I used primarily during this span: Visual Studio, MS SQL Management Studio, TFS
